FUNCTIONS OF THE STATE LIBRARY COMMISSION

Section 181.021

R. S. Mo. 1959

The COMMISSION shall:

1. Direct the survey of services given by libraries which may be established or assisted under any law for state grants - in - aid to libraries;
2. Further the coordination of library services furnished by the state with those of local libraries and other educational agencies;
3. Publish an annual report showing conditions and progress of public library service in Missouri;
4. Furnish information and counsel as to the best means of establishing and maintaining libraries, the selection of books, cataloging, and other details of library management; provide assistance in organizing libraries or improving service given by them and assist library services in state institutions;
5. Receive and administer grants from the United States under any act of congress for public libraries, or other types of library service, and make rules and regulations in connection with such grants as may be necessary or required on the administration thereof;
6. Receive gifts of money, books or other property which may be used or held in trust for the purposes given;
7. Administer state grants-in-aid and encourage local support for the betterment of local library service and generally promote an effective state-wide public library system;
8. Purchase library materials and circulate the material by all means necessary, including the use of bookmobiles, within the state among individuals, communities, libraries, schools, charitable and state institutions, state departments and other organizations approved by the state library commission.

HISTORICAL SKETCH OF MISSOURI STATE LIBRARY

The Missouri Library Commission, the forerunner of the present Missouri State Library, was organized in 1907 "to give advice to all schools, free and other public libraries, and to all communities which may propose to establish them," to circulate traveling libraries within the state, and to have charge of the library of the General Assembly.

By provision of a Legislative Act of the Sixty-Third General Assembly in 1946, the name, Missouri Library Commission, was changed to Missouri State Library. With the change in name also came a redefinition of the functions of the agency and the State Library was charged with the responsibility of setting up services in four major fields of library activity, public libraries and adult education, school library service, institutional library service and document service.

The Eighty-Fourth General Assembly passed an act in 1955 that changed the legal structure of the State Library. This law changed the State Library Advisory Board into the State Library Commission. It raised the number of governor appointees from two to four and allowed payment of a per diem to each appointed Commissioner. It dropped the president of the State Board of Education from membership on the Commission, but retained the Commissioner of Education and the Librarian for the State University. The new law provided for the Commission's appointment of the State Librarian rather than by the State Board of Education. Finally, the new law specifically fixed the responsibility for operating the State Library upon the newly created Commission.

OBJECTIVES AND POLICIES FOR THE MISSOURI STATE LIBRARY

The State Library has two primary service functions:

- A. to serve as a general library for the state government; for individuals and groups who are yet unserved by local libraries; and, to supplement the resources and services of local libraries with its own collection and staff;
- B. to promote the growth and improvement of library service in Missouri communities.

All activities of the State Library should be justified in the light of these two general functions.

General Library Service

In serving the various offices and agencies of the State Government, the State Library service purposes must be coordinated with those of the other state-operated libraries; i.e., Supreme Court Library, State Historical Society and the Legislative Research. Functions and persons not served by these other agencies are considered to be the proper province of State Library service. However, the State Library shall furnish only a general reference and non-recreational loan service to state-employed people, and will not attempt to provide research facilities or services. Reader guidance and bibliographic assistance will be provided.

Pending development of state-wide local library service, the State Library shall provide a direct general reference and loan service to local individuals and groups who do not have access to a local library. Service to groups will not be undertaken in quantity for fear of stifling interest in developing permanent local service. Services of these kinds will not be consciously promoted or developed, but will depend upon voluntary requests.

Policies, rules and regulations governing all direct services from the State Library shall be so constructed as to promote the development of locally-supported library facilities. On the other hand, the State Library will always aim to be, within these imposed limitations, a modern and adequate library for those entitled to its services.

Direct library service currently rendered by the State Library should and will be transferred to local responsibility as rapidly as local service is permanently established. The State Library will make no effort to serve the needs for adequate local library service.

Promoting Library Service Growth and Improvement

The over-all general objective of the State Library's programs of service shall be: to promote the growth and improvement of public library service in Missouri, and, in general, the promotion of all other kinds of library service. Public library service shall be the primary interest of the State Library's service. The other kinds of library service shall be a secondary concern and shall receive attention whenever the work schedule will allow or when effectiveness with the primary concern will not be damaged.

The State Library has the responsibility of fostering the establishment, where it does not exist, of locally governed tax-supported public library service. The object will be the creation of a newly-administered organization of library service that will meet or approximately meet the textual and financial description of adequate service contained in the ALA Public Library Standards. In addition, the achievement of the Plan of Development issued by the MLA shall be the concurrent objective with the ALA Standards. The State Library shall promote the implementation of these plans and standards and their revisions.

To promote the growth of adequate library service in served or unserved areas, the State Library will use its bookmobile service with all other resources at its command to demonstrate to local communities a service possible for them to attain on a permanent, local basis. To purposefully promote the transfer of direct service from the State Library to local community responsibility, the demonstration bookmobile service will be coordinated with a strong promotion campaign during and immediately following each demonstration. Demonstrations will be conducted in those areas which can, upon establishment, provide self-sustaining service that is considered adequate according to specifications contained in the ALA Standards.

Stimulating the improvement of local library service is one of the essential functions of the State Library. State Library programs of service shall have the accomplishment of this objective as their purposes to the end that realignment of existing service will approximately meet the specifications of ALA Standards for adequacy. Therefore, the State Library will encourage municipal, county or regional libraries to make themselves a permanent part of larger library service organizations through contractual affiliation or legal merger.

Where local service cannot meet recommended standards of adequacy after taking full advantage of legal opportunities for improvement, it must be given financial assistance from the State. Such financial assistance should be rendered in proportion to the effort expended in self-improvement.

The State Library objective of concurrent importance with its first concern, but secondary in priority, will be state-wide correlation of all library services. The objective will be to bring about a closely-knit and complete system of library service to all Missouri citizens. This goal can be most quickly approached by supporting all efforts to promote parallel growth in all kinds of libraries in Missouri: school, public, collegiate and special, that will tend to effect complete coordination in the accessibility of each library's resources.

STATE AID TO PUBLIC LIBRARIES IN MISSOURI

State Aid to public libraries of Missouri is intended to supplement the local incomes of libraries so that a closer approach to at least a minimum quality of library service can be given by each local library.

The first fifty per cent of the State Aid monies is allocated on a per capita basis to all tax-supported libraries which have a one mill library tax. The second portion of the grant, forty per cent, is used to equalize the income of those county and regional libraries which have a one mill tax, but receive less than \$1.00 per capita in library tax income. The remaining portion of the grant, ten per cent, is used to encourage the development of library service through establishment grants to newly formed county and regional library units.

MISSOURI STATE LIBRARY COMMISSION

RULES AND REGULATIONS
FOR
STATE AID TO PUBLIC LIBRARIES

1. All public libraries organized under the laws of Missouri shall have on file in the State Library an official Statement of Establishment which shall be notarized. (Section 181.060)
2. All public libraries organized and maintained under the laws of Missouri shall present each year to the State Library, on or before July 1, a certified statement concerning the library's annual income. (Section 181.060)
3. All public libraries organized and maintained under the laws of Missouri shall submit each year to the State Library, on or before July 1, an annual report of operations. (Sections 182.060 & 182.210)
4. All public libraries organized and maintained under the laws of Missouri shall submit each year to the State Library, on July 1, a list of members of the Board of Trustees,* showing termination date of appointed term, showing officers elected, and containing a certificate thereon to the effect that no member has received, or is receiving compensation as such, and, that no person is employed by the Board of Library Trustees, or by the Librarian, who is related within the third degree by blood or marriage, to any trustee of the Board; and in the case for city libraries, that no member of the city government is a member of the Board. (Sections 182.050 and 182.179)
5. All public libraries organized and maintained under the laws of Missouri shall submit a copy of every contract into which they have entered for library service with another political subdivision to the State Library within one month following the contract's effective date. (Section 182.080)
6. All librarians of county libraries organized and maintained under the laws of Missouri shall submit evidence of attendance at State Library meetings and district library institutes sponsored by the State Library. (Section 182.110)
7. All public libraries organized and maintained under the laws of Missouri shall submit to the State Library evidence that a qualified librarian has been appointed to act as chief executive and administrative officer for the library. (Section 182.060)

FORMULA FOR STATE AID
(50% of total monies)

LAW: Funds allocated on an equal per capita rate in proportion to population by last census.

FORMULA:

1. Total monies available divided by total population served
equals
amount of money available for allocation per capita.
2. Population of library district served
multiplied by
amount of money available for allocation per capita
equals
total amount of monies allocated to library district for
STATE AID.

FORMULA FOR EQUALIZATION GRANTS
(40% of total monies)

LAW: Population basis to county or regional libraries in which a one-mill or more tax does not yield a dollar per capita.

FORMULA:

1. For each county: amount of income from tax rate divided by population of area served
equals
per capita tax income.
2. For each county:: one dollar minus per capita tax income
equals
per capita difference needed from State Aid.
3. For each county: per capita difference needed from State Aid
multiplied by
population of area served
equals
total amount of State Aid monies needed to provide one dollar per capita for each county.
4. Totaled for all counties
equals
total amount of State Aid needed to reach a common base of one dollar per capita for all counties.
5. Total amount of money available for allocation for EQUALIZATION GRANTS divided by total State Aid needed to reach a common base of one dollar per capita for all counties
equals
percentage of total State Aid needed and which is available.

6. For each county: total amount of State Aid monies needed to provide one dollar per capita for each county
- $$\frac{\text{percentage of total State Aid needed and which is available}}{\text{multiplied by}} \frac{\text{total amount of State Aid monies available to each county for EQUALIZATION GRANTS.}}{\text{equals}}$$

Unused balance of monies to be added to funds available on per capita basis to all eligible libraries.

FORMULA FOR ESTABLISHMENT GRANTS

(10% of total monies)

LAW: Population basis to newly established county or regional libraries.

FORMULA: For one year only.

1. 20¢ per capita to a county which votes a legal (1 mill) library tax.
2. 35¢ per capita to a county or counties which agree to create a regional library. (This may be in addition to the benefits in #1 above.)
3. 35¢ per capita to a county or counties which join an established regional library.

Unused balance of monies to be added to funds for an equal per capita distribution to all eligible libraries.

FEDERAL PROGRAM FOR RURAL LIBRARY SERVICE

Congress passed the Library Services Act in 1956 under which Missouri began to participate late in fiscal year 1957. This Act is designed to "Promote the further extension by the several States of public library services to rural areas without such services or with inadequate services." The Act has been extended five more years to 1966.

Missouri has 45 counties with 637,811 population that have no public library service and where these federal funds will be used to encourage the establishment of adequate libraries. In addition, these federal funds can be used in areas of rural Missouri where inadequate library service exists. Over one and three-quarters million Missourians live where this kind of service is given. Rural libraries classified as inadequate may participate in projects financed with federal funds.

During fiscal year 1963 the federal funds were spent for the following projects:

(1) Augment the State Library staff, equipment, and circulating resources necessary for the accelerated program of increased and improved library service; purchase of publicity pieces;

(2) Augment the staff, equipment, and circulating resources of the two regional bookmobile demonstrations conducted by the State Library; plus augmentation of staff and books of local libraries participating in the demonstrations;

(3) To subsidize five scholarships for library school students and place five interns on duty in rural libraries to stimulate interest in the library profession;

(4) To finance a three-level program of in-service training for practicing librarians and five regional Governor's Conferences for Public Library Trustees;

(5) A financial grant for entering "systems of libraries" to the libraries of Clark County, LaGrange, Camdenton, Fredericktown and Lebanon;

(6) To finance the operation of the Regional Bibliographic Center in Springfield for libraries in Southwest Missouri;

(7) To finance a contract with the University of Missouri for research into the publicity values in Missouri public library service;

(8) To finance the completion of a statewide survey of public library service in Missouri.

SERVICES AND DEPARTMENTS

Advisory Services

The public library consultants are the representatives of the State Library who deal directly with the librarians, library boards, civic and educational leaders of the state in the consideration of their library problems. These extension librarians assist in organizing new libraries, in planning new library buildings and in renovating old quarters, in weeding obsolete books, planning library service programs, conducting workshops and preparing suggested buying guides. They are always at the service of any individual or group interested in organizing or improving library service.

Four publications are issued regularly by the State Library. Show-Me Libraries is a monthly news bulletin sent to all Missouri librarians

and library trustees. The Annual Report of the State Library contains a statistical summary about all kinds of libraries in the state. The Checklist of Official Missouri Publications, issued every two years, lists all the publications issued by the state government, and the Monthly List, Missouri State Government Documents, is distributed to all Missouri public, college and university libraries and state government agencies.

Reference and Circulation

The State Library serves as a public library for approximately 15% of the residents of the state, who live in areas where local public libraries do not yet exist. Direct service is provided by parcel post, freight and express trucks to individuals in schools, clubs and communities without libraries. Regional, county and municipal libraries supplement their book collections either by direct loans from the State Library or through an inter-library loan system in which the State Library acts as a clearing house in supplying all missing bibliographic data. Answers to reference questions are provided either by mail or telephone.

Besides books and magazines, the State Library has made available an increasing number of non-book materials. Mounted reproductions of famous art masterpieces and pictures of sculpture are lent to all those who are interested in developing their appreciation of the aesthetic. Phonograph records with the best in classical and semi-classical music on long-playing records are circulated on the same basis as books. Literature and foreign languages are also available on records. Projected books are sent to immobilized bed patients, and documentary filmstrips are furnished to individuals and libraries. A limited collection of sculpture reproductions was added last year. In the coming years these services will be further expanded to provide for the cultural development and enjoyment of Missouri's citizens.

State Library Bookmobile Service

During the last year, the State Library's two bookmobiles have been used to give a demonstration of regional library service to four Missouri counties, three of which do not have county-wide library service. The demonstrations were conducted this year in two regions. One region was composed of Camden, Laclede and Pulaski counties. The second demonstration was conducted in Jefferson county. On April 2, 1963, Camden and Pulaski counties established permanent county library service and passed a two-mill tax for annual support. These two counties and Laclede county then contracted with the Lebanon Public Library to form the Kinderhook Regional Library. The bookmobiles made regular stops at all of the schools and other meeting places in the regions, distributing books, pamphlets, phonograph records, mounted pictures, viewmaster reels and educational motion pictures.

Since 1947 the State Library bookmobiles have given a demonstration of library service to 60 counties. Several counties have since established their own library service, offering local residents the same facilities that were demonstrated by the State Library for the dissemination of education, information and recreational materials.

Specific Services to Local Libraries Available from State Library upon Request

(Librarians or Boards of Trustees may ask for these free services)

- Loans of book collections
- Inter-library book loans
- Special reference service
- 16mm film loans on library service subjects
- Filmstrip loans (Library service and other subjects)
- Projected book titles
- Phonograph recordings (only 33 1/3 r.p.m.)
- Foreign language phonograph recordings
- Small-scale mounted art reproductions
- Mounted art reproductions (full scale size)
- Sculpture reproductions
- Professional librarians placement bureau
- Reading lists on various subjects
- Manual on library procedures and techniques
- Professional library literature
- Embosograp signs (various color combinations at cost of materials only)
- Checklist of Official Missouri Publications
- Traveling children's book exhibits
- Electrical and mechanical exhibit advertising public library service
- Personal assistance with local library problems
- Library Laws of Missouri
- Local library surveys

ORGANIZATIONAL CHART -- MISSOURI STATE LIBRARY

STATE LIBRARY COMMISSION

4 APPOINTED & 2 EX OFFICIO MEMBERS

STATE LIBRARIAN

Administer: State Library operations and personnel, professional personnel placement bureau. Allocation and distribution of State Aid. Collection and publication of information, statistics and Annual Report. Public relations. Publicity releases. Coordination of state-wide library service. Liaison with other state and national agencies.

Bookkeeper

Administrative Secretary

Printing Assistant

DIRECTOR OF FIELD SERVICES

Plans, organizes, and supervises all out-state library promotion and consultant services, including the regional bookmobile demonstration service.

PUBLIC LIBRARY CONSULTANT

Directs a bookmobile demonstration service, directs local library activities operated under Library Services Act and furnishes public library consultant service to an area of the state.

BOOKMOBILE

DEMONSTRATION SERVICE

Administer and operate the demonstration service.

(1) Every two weeks.

(2) Camden and Pulaski Counties voted for establishing a county library district and 2-mill tax April 2, 1963. They signed a contract June 16, 1963, with

Lebanon Public to form Kinderhook Regional. Kinderhook Regional signed a separate contract June 16, 1963, with Laclede County, because of two unsuccessful attempts by that county to raise its library levy from 1 mill to 2 mills.

(1) Includes \$4,942 delinquent taxes from 1955-60 building tax.

(2) Operated as one library, but income separate because of different fiscal years.

(3) An additional three-year building tax of .5 mill was voted April 3, 1962.

(4) Camden and Pulaski Counties voted for establishing a county library district and

2-mill tax April 2, 1963. They signed a contract June 16, 1963, with Lebanon Public to form Kinderhook Regional. Kinderhook Regional signed a separate contract June 16, 1963, with Laclede County because of two unsuccessful attempts by that county to raise its library levy from 1 mill to 2 mills.

- (1) Includes periodicals.
(2) Operated as one library, but expenditures separate because of different fiscal years.
(3) Camden and Pulaski Counties voted for establishing a county library district and 2-mill tax April 2, 1963. They signed a contract June 16, 1963, with Lebanon Public

to form Kinderhook Regional. Kinderhook Regional signed a separate contract June 16, 1963, with Laclede County because of two unsuccessful attempts by that county to raise its library levy from 1 mill to 2 mills.
